

# Enrolling Instructions

Let's Go Through the Steps to Get You Your Wholesale Account

## *How do I do this?*

This is like having a Costco membership, only you pay \$35 (less than Costco \$99 fee) and you get to purchase products at the wholesale price like all exclusive members. A great perk is that the yearly renewal rate is only \$25 and you get a free bottle of peppermint oil which is valued at \$20.50. That means that in essence you are only paying \$4.50 each year. Sweet, right?

I love helping you figure out the best option for your needs. It can be challenging choosing your first set of products so I would love to simplify this process for you where I can and help you save that \$35 membership fee.

## *For the DIYer*

1. [Click here to register](#). Enrolling with an [ENROLLMENT KIT](#) waives the \$35 membership fee. Need help with the choosing? ([watch the video here](#))
2. Accept the wholesale option is good unless you want to build a doTERRA business.
3. Fill in your personal information. Check the box under "Shipping Address", it will save you re-entering your info.
4. The Enroller and Sponsor ID should have 960377, if not enter 960377 in both boxes.
5. Create your password.
6. Accept the "Terms and Conditions" to move to the next screen.
7. Choose your [Enrollment Kit](#) and add to cart.
8. An enrollment kit provides bundled savings and free products and credits. The [Natural Solutions](#) kit is a great mid-range kit with lots of savings but whatever decision you make would be the best one for you.
9. If you are wanting to start your own essential oil biz, the [Every Oil Kit](#) or [Diamond Kit](#) may suit you. You can also create your own kit to suit your needs. Either way, I am here to help you.
10. If you want other products, click "enter additional item # or product name" then select your product in the dropdown menu.
11. **Important Note: Once you choose your kit, hit the "REVIEW TOTALS" button. That will generate the amount including shipping cost.**
12. Select the method of delivery.
